INSURANCE

We understand healthcare billing can be challenging, which is why we do our best to make the process as stress free as possible. We accept all major private insurance plans and will verify your benefits 60 days prior to your intensive start date. At that time, we will provide you will a new invoice estimating your out-of-pocket expense for your intensive session.

Please note: When we verify this coverage, it is only an estimate, not a guarantee that your provider will pay. We encourage you to call your insurance company to determine the exact benefits your plan provides, including plan limits and exclusions.
